

Holiday Specials: Your Underwater Expedition

Materials needed:

- Transparent folder (with at least one opening)
- Coloured markers (that do not rub off on plastic)
- Black piece of paper
- Printed template of torchlight and sea animals (*optional*)

1. Choose your favourite sea animals and use the markers to draw them on the transparent folder. You may use the printed template of sea animals to trace over or just draw them based on the books you have read!

2. You may also write the names of the sea animals to revise their names.

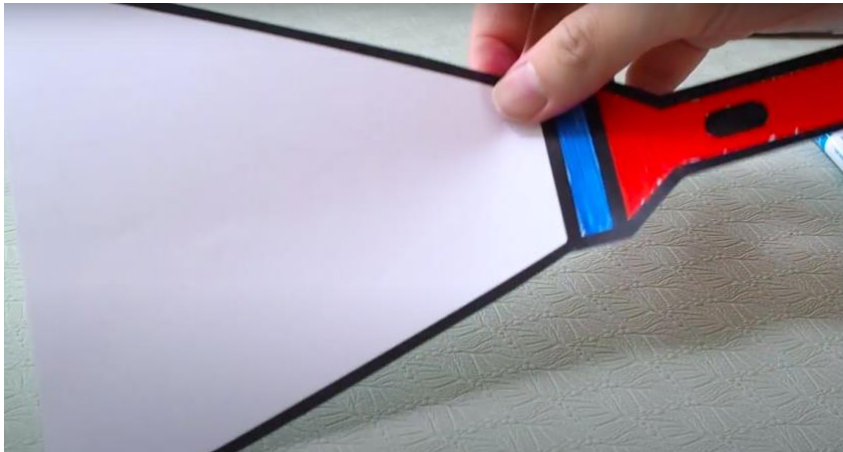

- Decorate by adding a sea bed and seaweed.

- Add as many sea animals as you would like into your underwater scene. You may also leave some space to add more animals in the future, when you have read more about them.

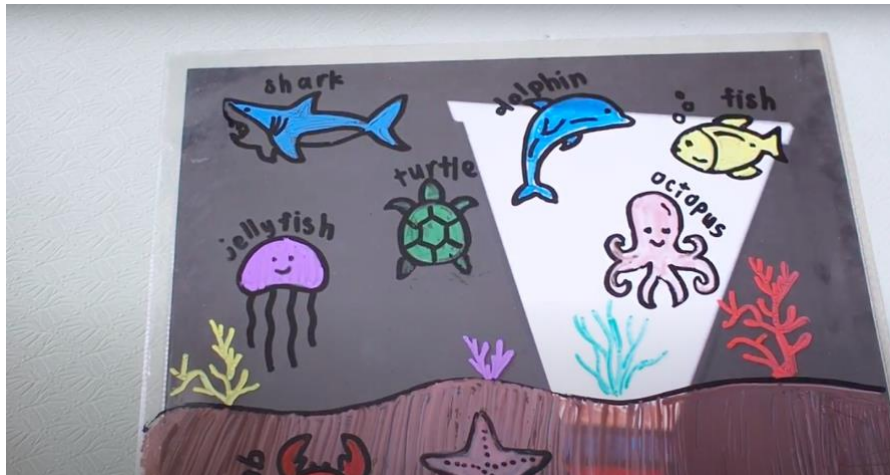

- Draw a torchlight that you will use for your underwater expedition! You may also cut out and colour the template provided.

- Slip the black piece of paper into your folder.

- Slip your prepared torchlight into the folder too and start your underwater expedition by waving the torchlight around.

- Talk about the different sea animals, their colours, and even where they are positioned in your underwater scene! You may add on more animals as you read and learn more about them.
