

MAGNET FUN!

OBJECTIVE Help Zecky through the maze to find his lost glasses!

INSTRUCTIONS
Additional materials: Glue, Magnets, Ice-cream Stick

- 1 Pop out Zecky (the little green monster) and the circular maze.
- 2 Take two magnets, Now, find the two sides of the magnets that attract each other and stick them together!
- 3 With the magnets stuck together, glue the stick to one magnet and Zecky to the other magnet. Wait for the glue to dry. When that's done, separate the magnets! One magnet is now attached to the stick, and the other magnet is attached to Zecky.
- 4 Place Zecky on the start line. Hold the stick underneath the maze and help Zecky through the maze to find his glasses!

DID YOU KNOW?

The Earth is a large Magnet!
Many metals are not attracted to Magnets.
