

Kumbang yang manakah saya?

Arahан:

Anda telah mengembara ke empat daerah bersama Skorpius dan berpeluang untuk bertemu dengan 74 Kumbang! Kumbang mana satukah yang meninggalkan kesan dalam diri anda dan mana satu pula yang anda paling sukai?

Uji pengetahuan anda tentang Kumbang menerusi lembaran aktiviti ini. Seekor Kumbang bersembunyi di balik setiap pintu di bawah ini. Setiap Kumbang akan memberikan satu teka-teki yang perlu anda dengan tepat untuk mengetahui identiti Kumbang tersebut.

Pintu-pintu ini akan dibuka pada Isnin kedua bulan hadapan (12 Julai) di kertas jawapan yang akan dimuat naik.

What Bug am I?

Instructions:

You've now travelled four lands with Skorpius and had the chance to encounter 74 Bugs! Which Bugs have left an impression on you, and which ones are your favourite?

Test your Bug knowledge with this worksheet. A Bug hides behind each door below. Every Bug will give you a riddle that you need to solve to figure out which Bug it is.

I'm just half of a pair, but do not despair. I am a snake who will make you do a double-take. I summon the element where my sister's pet hides.

I was born in water, but dislike bad weather. I like swimming, but hate when it's raining.

My story is a legend as impressive as a hill. I was clever, but that put me in danger.

My scales are a hint of what's to come. Watch me harness my power and transform to bring you luck!

I tunnel through the rocks amongst the mountains, but this only leads to confusion.

I exist only when there is light, but will disappear if light shines on me.

My royal blood gives me these beautiful wings, but I'm not just a beauty. My love knows no bounds and I will do my duty.

I wear a disguise and the stripes hide my size. My feet are quick, just like my wit!

Surprise! This is just a disguise. This wig hides my stripes, these glasses conceal my lies.

A legend on the battlefield, it might seem like fortune smiles on me, but my loyalty runs deep, and my courage earns me my keep.

My slipper was so silky, it made it too slippery!

Surrounded by water, we can't swim but float persistently. Together forever and never apart, it's because we're from the same blood.

The doors will be opened on the second Monday of next month (12 July) in the uploaded answer sheet.
