Greetings!

My name is Zecky. My friends and I form the Monsters United.

I hail from Planet Techy and I love to read science fiction and non-fiction books.

In this Space Adventure book, you can find fun activities to do and my favourite

books on science. There are also pages for you to write about the books you have read and the cool science facts you have learned.

My friends are similarly working on their own books. I hope you will collect all our adventure books so we can always keep each other company!

Visit our website or scan the QR code to find out about our next outings and adventures in the libraries: [www.nlb.gov.sg/discoverreads/monsters-united/](http://www.nlb.gov.sg/discoverreads/monsters-united/).

See you soon!

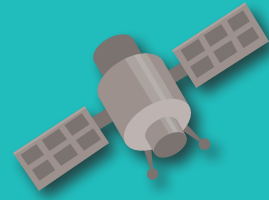

Over and out,

*Zecky*
